An exciting new residential development is coming to one of the most sought-after areas of St Paul's Bay. Offering a selection of modern Freehold apartments, this project combines contemporary living with an excellent coastal location, while selected units benefit from attractive side sea views.

Construction is scheduled to commence in December 2026, with apartments delivered in shell form by June/July 2027 and completed in finished state (excluding internal doors and bathrooms) by March 2028.
